ELECTRICAL & ELECTRONIC ENGINEERING | CORRIGENDUM

Hybrid evolutionary algorithm based fuzzy logic controller for automatic generation control of power systems with governor dead band non-linearity

Omveer Singh* and Ibraheem Nasiruddin

Cogent Engineering (2017), 4, 1161286, <https://doi.org/10.1080/23311916.2016.1161286>

This article has been re-published to include the revised image for Figure 2, which now includes the governor and GDB data (in red).

This information was missing from the version of the article which was originally published online.

The authors apologize for this error.
