When the above article was first published online, the pesticide level units were incorrectly listed as mg/kg/day; this error has been amended to mg/kg throughout the text. There was an incorrect reference to subsection 1.2.4 in section 4.3, which has been corrected to 2.4 and finally, there was an incorrect attribution of information to MRL, SD in section 4.4 which has been corrected to Northern Presbyterian Agricultural Services and Partners.
